NEW COLLECTION

“Art is not what you see, but what you make others see.”

When Simon Kenny released his first ever collection of hand signed editions last spring the response from the collecting community was as dramatic as the artwork. We are therefore thrilled to present a magnificent follow up collection and are anticipating a phenomenal response to these stunning statement pieces.

Simon is a multi-award winning artist who is renowned internationally for his dynamic and expressive paintings. His fascination with the world around him clearly manifests itself through his work, yet no piece is ever site specific and his style is best described as ‘lyrical abstraction’. His aim is for the viewer to connect personally with each composition – to be reminded of a place they once knew, or visited by an unexpected moment of emotion.
